Our Dellapasqua DC13 Elite Hardtop, "**Pathos**", is an aggressive, performing, yet comfortable yacht, that successfully combines tradition with innovation.

Her deep V-shaped bottom, the main and unquestionable characteristic of the Dellapasqua fleet, is what reflects tradition. The aggressive lines at the upper works bring in mind a true racer, while they still manage to be soft and harmonious, creating an aesthetically brilliant design that represents a one-of-a-kind modernity. On the other hand, the stunning technology of her hard top and her stern garage opening system are the perfect example of what can be achieved when innovation meets craftsmanship.

Her exterior is full of surprises; after you spend the most relaxed moments of your vacation sunbathing on the comfortable stern and the fore cushions or enjoy a delicious drink on the big sofa, you can continue having fun in the dinette, sheltered by tapered-lined windows and a futuristic roof that can be opened electrically. This high-tech yacht is designed with your absolute comfort and pampering in mind. The stern platform is ideal for playtime, while thanks to the large and safe gangways you can reach it from the bow without any hesitation.

With an overall length of 46.5 feet, this yacht is extremely cozy and comfortable on the inside, with refined and inviting interiors, large rooms and high-class fittings that offer a unique on-board experience. If you are planning to relax in a quiet sea voyage accompanied only by your loved ones, have in mind that there is one master stateroom with a double bed, as well as a guest stateroom that can accommodate 2 more persons.

As her name "Pathos" suggests, the Dellapasqua DC13 Elite Hardtop is a perfect choice for those who are passionate about living at sea.
