The eyes have no boundaries; you look at the world through the transparency of the waves and the time becomes pure, exclusively yours, making you rediscover the sweetness of living.

"Grand Blue", our Evo Marine Deauville 76 Flybridge, is a 23-meter Flybridge Yacht bound to impress you. Designed by Fulvio de Simoni with the aim to make her truly unprecedented in her class, this stream-lined yacht has ample space for enjoying the open air, keeping your connection with the sea uninterrupted.

Her unparalleled elegance can be seen at first glance; her interior is a brilliant combination of suspended shapes, subdued colors and innovative geometrics, designed with impeccable attention to detail.

Her interior is a wondrous fusion of warm colors and light wood paneling; spacious, relaxing and stylish, it effortlessly creates the perfect spot to enjoy summer living at its most authentic form.

Her sophisticated blend of dynamism and serenity is present everywhere on board; from the main deck featuring the large salon area where the host welcomes his guests, to the dining room and the kitchen towards the bow. The sitting room and the dining room are spacious, modern, and equipped with Bang & Olufsen audiovisual installations.

Below deck you can rest at one of the four comfortable double cabins, or the sizeable master cabin. The cabins, two doubles and two twins, are all very ample and the baths en-suite are outfitted with modern fixtures and showers. The Master cabin is amidships on full width with a separate wardrobe, while the VIP is at the fore. The twins are identical, whilst all of them are equipped with TVs and fully air-conditioned to ensure your absolute comfort. Keep in mind that the crew members have their own separate cabin, guaranteeing maximum privacy, as well as the best service you can get.

When you're at the upper sun deck, you can relax under the protection of the large expansive canopy, soak up the unparalleled Greek sun on the mattress fore of the upper bridge, or enjoy your dinner at the stylish banquet.

On the exterior deck, the stern table is ideal for dining surrounded by the breathtaking Aegean scenery, whilst the big lounging area with the solarium at the bow will become your oasis of comfort; the perfect place to enjoy a delicious cocktail while watching the sunset.
